RE: Centravis production

Our dear clients, partners, and friends,

The beginning of this week was quite difficult for all Ukrainians. On Monday russians attacked energy infrastructure and civilian facilities in 8 regions of Ukraine, including Kyiv. Despite shelling in many Ukrainian cities, the situation in Nikopol remains stable and power supply in the region was not affected.

Centravis production continues to work. The mill receives electricity in full without any interruptions in supply. The key sectors of the Hot Shop and the Cold Shop are working in 3 shifts. All equipment is running. Production is provided with billets and all necessary materials.

Our Logistics team is actively working and constantly looking for the best and safe ways to deliver the finished products. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages.

Centravis CEO Yuriy Atanasov stays in Ukraine and keeps working in Nikopol.

I am at your disposal as well, with all your requests for information or inquiries.

Sincerely,

Artem Atanasov
