Dear clients and partners,

I'm pleased to share that Centravis operations are performing well, with our production, logistics, and equipment running smoothly, having a steady supply of materials. Our dedicated team ensures we meet high standards, and our global sales offices are ready to assist you.

In response to the Ukrainian-Polish border situation, we've increased shipments through Moldova to avoid disruptions and added a week to our delivery times as a precaution.

Thank you for your continued partnership. We are committed to delivering the efficiency and reliability you expect.

For any questions or assistance, please feel free to reach out.

Best regards,
