FROM: Artem Atanasov, Chief Sales Officer, Centravis

Dear Clients and Partners,

We would like to welcome you back after the two-week holiday break and wish you a Happy New Year. The first week after the holidays has been challenging for Ukraine due to severe weather conditions and russian attacks on energy infrastructure. Despite these circumstances, today Centravis is fully operational and continues to work as normal.

Thanks to rapid recovery measures and resilient infrastructure, our production processes remain well-coordinated, allowing us to fulfill orders accurately and within agreed timelines. Operational reliability and consistency continue to be core priorities in our day-to-day work.

Remaining committed to transparency and long-term cooperation, we are fully ready to provide the latest Bureau Veritas audit results, share detailed insights into our production processes, or arrange remote audits whenever required. We firmly believe that strong partnerships are built on openness, accountability, and proven operational resilience — especially in challenging conditions.

Thank you for your continued trust and support. We highly value our partnership and look forward to strengthening our cooperation and achieving new milestones together in the year ahead.

Best regards,  
Artem Atanasov
