Dear Clients and Partners,

I'm pleased to confirm that Centravis remains fully operational across all our production facilities. With stable access to electricity, water, and essential infrastructure, our manufacturing processes continue without interruption — ensuring every order is produced with precision and delivered on time. Reliability and consistency remain at the core of everything we do.

As part of our commitment to transparency and long-term cooperation, we are ready to share the latest Bureau Veritas audit results, provide direct insights into our production processes, or arrange tailored remote audits if required. We believe that strong and lasting partnerships are built on openness, trust, and proven performance.

Thank you once again for your confidence in Centravis. We value our collaboration and look forward to achieving new milestones together.

Best regards,
Artem Atanasov
