

CENTRAVIS PRODUCTION UKRAINE PJSC
56 Trubnikov ave, Dnipropetrovsk rgn., Nikopol, 53201, Ukraine

Nº _____ dd 13.12.2024

FROM: Artem Atanasov, Chief Sales Officer, Centravis

Dear Clients and Partners,

Despite today's challenges caused by large-scale attacks on the energy infrastructure in western Ukraine, I am informing you that Centravis continues to operate steadily and confidently. We maintain access to electricity and water, all technical systems are running smoothly, and our production processes continue as usual. Our team remains fully engaged and motivated, prepared to respond promptly to any challenges that may arise.

At the same time, according to Ukrenergo and DTEK, the Ukrainian energy system is gradually recovering after a series of massive attacks. Despite capacity shortages and ongoing emergency and scheduled maintenance work at energy facilities, the restoration of infrastructure is progressing steadily, and the electricity supply is gradually stabilizing.

In addition, I am pleased to announce that Centravis has successfully passed a surveillance audit for compliance with the international **IATF 16949 standard**, which governs the quality management system for the automotive industry. This achievement reflects our unwavering commitment to product quality and the efficiency of our internal processes.

We will continue to make every effort to ensure the high quality and reliability you expect from Centravis. Thank you for your trust and support.

Best regards,
Artem Atanasov
