Dear Clients and Partners,

I am pleased to confirm that Centravis continues to operate seamlessly across all production sites. With uninterrupted access to energy, water, and essential infrastructure, our manufacturing remains stable and efficient — ensuring every order is produced with precision and delivered on schedule. Reliability and operational excellence remain at the heart of everything we do.

In line with our principles of transparency and long-term cooperation, we are always ready to provide the latest Bureau Veritas audit results, share direct insights into our production, or organize remote audits to meet your specific requirements. We firmly believe that sustainable partnerships are built on trust, openness, and consistent performance.

Recently, Centravis took part in the **MSV Brno 2025 international industrial exhibition** under the auspices of the **Ukrainian-Czech Chamber of Commerce and Industry**, together with five other Ukrainian industrial companies.

The event provided a valuable opportunity to establish new partnerships and strengthen international cooperation. We were honored to meet with **representatives of the Czech government** and the **Ambassador of Ukraine to the Czech Republic**, who expressed strong support and interest in the growth of Ukrainian business.

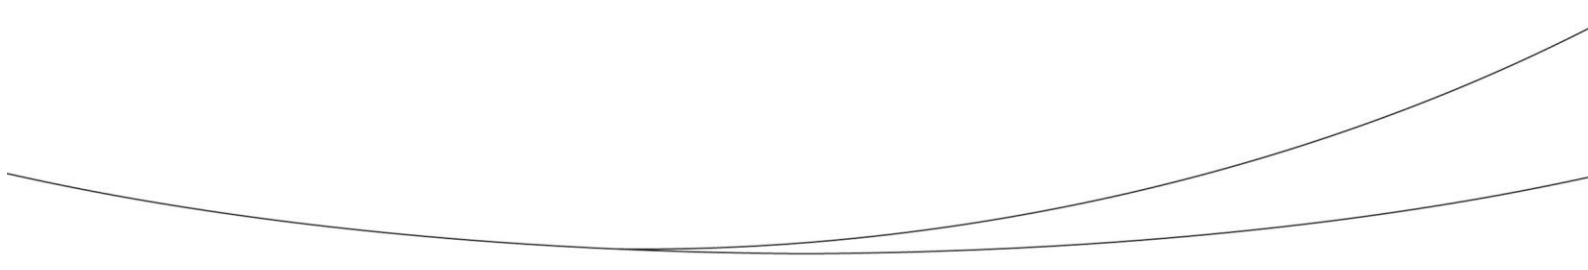

Thank you for your continued trust in CentraVis. We deeply appreciate your partnership and look forward to achieving new milestones together.

Best regards,

Artem Atanasov
