56 Trubnikov ave, Dnipropetrovsk rgn., Nikopol, 53201, Ukraine

Nº \_\_\_\_\_ dd 23.01.2026

FROM: Artem Atanasov, Chief Sales Officer, Centravis

Dear Clients and Partners,

We are pleased to share that Centravis continues to operate reliably and efficiently across all production facilities. Stable access to electricity, water, and critical infrastructure ensures uninterrupted manufacturing, allowing us to deliver orders precisely and within agreed timelines. Operational stability and consistency remain fundamental to our daily work.

In line with our commitment to transparency and long-term collaboration, we are always ready to provide the latest Bureau Veritas audit results, offer detailed insights into our manufacturing processes, or arrange remote audits upon request. We strongly believe that strong, sustainable partnerships are built on openness, accountability, and proven operational resilience.

Looking ahead, we are excited to [announce Centravis's participation in MTI Symposium 2026](#), where we will present the next step forward in materials engineering. As industrial applications face increasingly extreme operating conditions, we will showcase NIKOPOLIUM — our advanced duplex steel designed specifically for demanding environments.

Thank you for your continued trust in Centravis. We highly value our partnership and look forward to further strengthening our cooperation and achieving new milestones together.

Best regards,  
Artem Atanasov
