Dear Clients and Partners,

I am pleased to confirm that Centravis continues to operate seamlessly across all production sites. With uninterrupted access to energy, water, and key infrastructure, our manufacturing remains stable and efficient — ensuring that every order is produced with precision and delivered on time. Reliability and operational excellence remain at the heart of everything we do.

As we continue strengthening our global presence and partnerships, we're excited to share the next milestone on our journey — our participation in one of the world's largest energy events, **ADIPEC 2025, Abu Dhabi**.

The poster features a background image of the Abu Dhabi skyline with the Burj Khalifa. At the top left are the ADIPEC and ADNOC logos. At the top right is the CENTRAVIS logo. The main headline reads 'Let's meet at ADIPEC 2025!'. Below it, the text says 'Explore our latest innovations in duplex steel designed for the world's most demanding environments.' The poster is divided into two columns. The left column, titled 'VISIT OUR STAND', lists 'Stand: 10800' and 'Hall: 10'. The right column, titled 'DON'T MISS OUR LIVE TALK', lists 'Topic: "Advanced Duplex Steel for Extreme Environments"', 'Date: Day 4 November 2025', 'Time: 11:00–11:30', and 'Location: Hall 17'. At the bottom left is a circular portrait of Andrew Balev, with his name and title 'SPEAKER Andrew Balev Ph.D., Materials Engineer and Head of R&D at Centravis' to his right.
