FROM: Artem Atanasov, Chief Sales Officer, Centravis

Dear Clients and Partners,

I would like to share a brief update regarding Centravis operations and confirm that our production activities remain stable and continue as planned.

Our manufacturing facilities are operating on a regular basis, while all key business functions, including procurement, supply chain management, and logistics, remain fully operational. This enables us to maintain scheduled production, fulfill our contractual commitments, and deliver customer orders within the agreed timeframes.

Ensuring business continuity, reliability, and open communication with our customers remains one of our key priorities. For additional confirmation of our operational status, the most recent Bureau Veritas audit reports can be provided upon request.

We sincerely appreciate the trust our customers and partners continue to place in Centravis and thank you for your ongoing cooperation and support.

Best regards,
Artem Atanasov
