RE: Situation in Ukraine

Our dear clients, partners, and friends,

We regret to inform you that the Centravis team has suffered a great loss. Our colleague Zakhar Kordopolov has died heroically defending Ukraine. Zakhar left his pregnant wife and a child. No words could accurately describe the feelings of the Kordopolov family and the Centravis team. The Company has decided to give financial support to the families of our colleagues who died in the war. Zakhar's family has already received the financial support, and Centravis is going to support Zakhar's family in the future.

The fifty-eighth day of the heroic opposition of the Ukrainian people to the Russian military invasion has begun. The Russian Federation continues its full-scale armed aggression against our country and launches missile and bomb strikes on military and civilian infrastructure. Active hostilities are taking place in eastern Ukraine. This week the occupiers have launched three missile attacks on the railway infrastructure of the Novomoskovsk district in Dnipropetrovsk region. Fortunately, the situation in Nikopol is calm.

The Hot Shop and the Cold Shop activities are according to the billet volume available. We have launched two bright annealing furnaces, more than 12 rolling mills, one drawing chain and 3 pipe finishing units. Packing and shipping activities are just as well. Today, our personnel working part-time are involved in Total Productive Maintenance (TPM), Training Withing Industry (TWD), and 5S. Centravis TOP management has decided to postpone the scheduled overhaul from September to May. It'll start on May 5 and will last for 10 days.

Our Logistics team is actively working and constantly looking for the best and safe ways to deliver the finished products. The members of the Board of Directors, namely Yuriy Atanasov, Andrey Krasjuk, Artem Atanasov, stay in Ukraine and keep working. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages.

We are proud of our colleagues, who defend Ukraine. Currently, 120 employees are serving in the military. Our colleagues at the front and in the territorial defence are provided with all necessary ammunition and food due to Centravis Charity Fund.

Centravis team believes in the fastest victory of Ukraine. We will never stop thanking you all for your support and help to our country.

I am at your disposal as well, with all your requests for information or inquiries.

Sincerely,

Artem Atanasov
