CENTRAVIS PRODUCTION UKRAINE PJSC
56 Trubnikov ave, Dnipropetrovsk rgn., Nikopol, 53201, Ukraine

№_____ dd 06.11.2026

FROM: Artem Atanasov, Chief Sales Officer, Centravis

Dear Clients and Partners,

I would like to provide you with a brief overview of CENTRAVIS' current operational status and assure you that our manufacturing activities remain stable, with production and deliveries continuing in accordance with established schedules.

Our production facilities are operating without interruption, supported by well-coordinated procurement, supply chain, and logistics processes. This allows us to maintain consistent manufacturing output, meet our contractual commitments, and ensure that customer orders are fulfilled within the agreed delivery periods.

This week our team exhibited at ADIPEC 2026 in Abu Dhabi (Hall 10, Stand 10800) and at UK Metals Expo 2026 in Birmingham (Stand B34) – thank you to everyone who came to see us. Next week we travel to Houston for Stainless Steel World Americas, where we present 'Duplex reimagined: Nikopolium NP 2205 and NP 2507' on 10 November.

Operational reliability, business continuity, and customer satisfaction remain central to our approach. We continue to closely monitor our operations and maintain transparent communication with our customers and partners. For additional assurance, the latest Bureau Veritas audit reports confirming our operational stability are available upon request.

Thank you for your continued trust and cooperation.

Best regards,
Artem Atanasov
