Dear Clients and Partners,

I would like to take this opportunity to assure you that Centravis remains fully operational across all of its production sites. Our access to critical infrastructure — including energy, water, and logistics — remains stable, allowing us to maintain uninterrupted manufacturing and ensure that all deliveries continue as scheduled. Operational consistency and dependability remain central to our values.

As part of our ongoing commitment to openness and partnership, we are happy to share up-to-date Bureau Veritas audit reports, provide video tours of our production facilities, or coordinate remote audits upon request. We believe that transparency and proactive communication are essential to fostering strong and lasting relationships.

We sincerely appreciate your continued trust and collaboration with Centravis.

Best regards,
Artem Atanasov
