RE: Situation in Ukraine

Our dear clients, partners, and friends,

July 1, the 127<sup>th</sup> day Ukraine continues to fight for freedom and independence. The war has shown that freedom, independence and liberty are things that cannot be taken away from us. As of today, major battlefield is in Donetsk and Lugansk region. No enemies in Dnipro region, where Nikopol is located.

Production is working stable. The plan of the Cold and Hot shops is slightly increased due to the possibility of obtaining more billets than last month. We continue to accept orders, there is an opportunity to place orders for August-November.

Our Logistics team is actively working and constantly looking for the best and safe ways to deliver the finished products. We use the ports of Germany (Hamburg, Bremerhaven) and Poland (Gdansk, Gdynia) to ship finished products. In Europe delivery is carried out by trucks. There are queues at the border due to the large cargo flows, but we consider the queues and choose the points with the highest throughput.

Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages.

Last week Centravis took part in the Tube Expo 2022. It is a professional platform that gives an opportunity to do promotions for the Ukrainian industry and gives a good chance to meet new clients and negotiate contracts. Yes, despite the war, we prove that Ukraine holds, and our company is ready to work with clients from around the world. We spent an amazing week with our customers and friends!

We will never tire of thanking for the support you provide.

I am at your disposal, with all your requests for information or inquiries.

Sincerely,

Artem Atanasov
