Dear clients, partners, and friends,

Hello from Ukraine, a country showing such an incredible will and determination during these dark times. Our people's unity and strength continue to inspire us at Centravis as our army moves forward, freeing our homeland bit by bit.

This week, I had the pleasure of spending time in Nikopol with our team. Their spirit is and it's an honor to work alongside them. They asked me to thank you for keeping them busy with your orders. Your trust in us fuels their work, allows them to care for their loved ones, support their nation, and most importantly, it gives them a sense of purpose and pride in what they do.

If you're interested, our sales team could share my pictures and videos from the production.

We continue producing. We've got our dedicated team, water, power, a well-oiled logistics chain, and a steady supply of raw materials. All our equipment is working. Our deliveries are going ahead as planned, thanks to the tireless efforts of our logistics team.

While we are making steady progress, the support from increased orders would be a significant support for our operations and workforce. We're deeply grateful to all our partners and clients who've stood by us through these tough times.

Thank you for your continued support and faith in us.
Glory to Ukraine!

Sincerely,
Artem Atanasov
