Our dear clients, partners and friends,

Ukraine continues to fight for freedom. Yesterday, during the plenary session, the European Parliament supported the proposal to exclude russia from the UN Security Council. This offer was approved by the majority of votes of the European politicians, therefore, it will be included in the resolution of the European Parliament. It means that we have strong diplomatic support.

Centravis production is now running at full capacity. This is very valuable, so we use this opportunity to the maximum. All equipment is running, the Hot and the Cold Shops are working. We have fulfilled the production plan for January and have optimistic forecast for the current month.

Our logistics team constantly controls the safest ways to deliver the finished products. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are ready to your requests. The Financial and Administrative Departments, Customer support are also ready to help.

Production Director Andriy Krasjuk stays in Ukraine and keep working in Nikopol.

At the end of the month, we officially open a new production in Uzhgorod. We observe an interest to our products from our clients, so expansion in these conditions is an important and necessary step.

Thank you for choosing Ukrainian products.
Glory to Ukraine!

Sincerely,
Artem Atanasov aatanasov@centravis.com
