

CENTRAVIS PRODUCTION UKRAINE PJSC
56 Trubnikov ave, Dnipropetrovsk rgn., Nikopol, 53201, Ukraine

N° _____ dd 28.04.2023

FROM: Artem Atanasov, Chief Sales Officer, Centravis

Our dear clients, partners and friends,

Every year on April 26th, Ukraine and the world remember the tragedy that occurred at the Chernobyl nuclear power plant and the bravery of the liquidators who responded to the accident. It has been 37 years since the disaster, yet the threat of nuclear danger persists. The Chernobyl nuclear power plant was under the threat once again, this time due to the actions of Russian invaders. It is imperative that governments worldwide make every effort to prevent a nuclear catastrophe from happening again.

Centravis production continues to operate at full capacity. Our Hot and Cold Shops in Nikopol and our production site in Uzhgorod are functioning smoothly, with all equipment in good working order.

Our logistics team is working tirelessly to ensure the safe and efficient delivery of finished products, while our sales offices worldwide remain open and available to assist with any inquiries or requests. Our Financial and Administrative Departments, as well as our Customer Support teams, are fully operational.

Our CEO, Yuriy Atanasov, and Production Director, Andriy Krasjuk, remain in Ukraine and continue to work from the Nikopol location.

We are currently working to increase production volumes at our production site in Uzhgorod to fully meet the demand for pipes in the automotive and instrumentation segments.

We appreciate your continued support of our products and services.
Thank you for choosing Centravis.

Sincerely,
Artem Atanasov aatanasov@centravis.com
